THE ENVIRONMENTAL SERVICE LEADER SINCE 1998

American Integrated Services, Inc. (AIS) offers comprehensive environmental solutions through construction, remediation, demolition, abatement, industrial services, emergency response and hazardous waste transportation.

A licensed contractor and certified MBE, AIS operates from eight strategically located offices. With over 400 employees and a fleet of heavy equipment and specialized vehicles valued over $45 million, AIS has the in-house resources to deliver complete, cost-effective and seamless results.

SAFETY IS NO ACCIDENT: THE AIS SAFETY PROGRAM

At AIS, our focus on excellence includes a strong commitment to achieving an incident and injury-free workplace. Safety training begins upon hire and continues daily at every job-site. Every crew member is educated, empowered and motivated to ensure his own safety and the safety of his team. Safety is and will always be the top priority at AIS!
