Safety ▪ Compliance ▪ Integrity

American Integrated Services, Inc.

American Integrated Services, Inc. (AIS), offers comprehensive environmental solutions through construction, remediation, industrial demolition, abatement, industrial services, emergency response and hazardous waste transportation.

A licensed contractor and certified MBE, AIS operates from eight strategically located offices on the West and Gulf Coasts. With over 450 employees and a fleet of heavy equipment and specialized vehicles valued at over $50 million, AIS has the in-house resources to deliver complete, cost-effective and seamless results.

Safety is No Accident

AIS is committed to an incident- and injury-free workplace. Safety training begins upon hire and continues daily at every jobsite. Each crew member is educated, empowered and motivated to ensure his own safety and the safety of his team. Safety is, and always will be, the top priority at AIS.
