CUSTOM FABRICATED PUMPKINS

Hunt Pipeline Products manufactures custom fabricated pumpkins to meet your repair needs.

Custom fabricated pumpkins can create an encapsulation device to cover leaking flanges, fittings, and bolt on repair clamps.

If you have a repair need and an “off the shelf” product will not work please give us a call to discuss this option.

Pumpkin sizes range from 3.5” ID up to any desired size and wall thickness ranging from .250” up to 4”
