

Service Offerings

About NVI

We are a provider of industrial NDT solutions catering to companies with critical infrastructure needs. We are committed to delivering unparalleled reliability and exceptional customer service through our speed, adaptability, and precision. At NVI, we persistently invest in our workforce, methodologies, and technology to ensure that we provide the most efficient solutions, regardless of location, timeline, or complexity, while maintaining the highest safety standards.

Our NDT techniques empower our expert technicians to inspect industrial structures while preserving the integrity of the client's product. We aim to assist businesses in organizing, examining, and recording infrastructure development and upkeep, facilitating secure, compliant, and effective operations. We provide our NDT methods with an unwavering dedication to outstanding client support.

Conventional NDT Services:

- Ultrasonic Testing
- Traditional Radiography
- Magnetic Particle Inspection
- Dye Penetrant Testing
- Electromagnetic Testing
- Visual Inspection

Advanced NDT Services:

- X-Ray Pipeline Crawler
- Computed Radiography (CR)
- Real-Time Radiography (RTR)
- Automated Corrosion Mapping
- Automated Ultrasonic Testing
- Phased Array (PAUT)
- Positive Material Identification (PMI)
- Digital Radiography (DR)
- Metallurgical Services
- Welder Qualifications
- NORM Surveys
- Leak Testing
- Creaform 3D Laser Scanning
- ACFM
- Time-of-Flight Diffraction (TOFD)
- Full Matrix Capture (TFM)
- Smart RT
- MsS Guided Wave
- Magnetic Flux Leakage
- HydroForm / FlexaForm

CORPORATE OFFICE
2449 W. Park Ave.
P.O. Box 1690
Gray, LA 70359

Lafayette, LA • New Iberia, LA • Sulphur, LA
Odessa, TX • Aransas Pass, TX • Carthage, TX
Houston, TX • Carlsbad, NM • Burgettstown, PA
Northglenn, CO • Theodore, AL • Superior, WI

Service Offerings

Pipeline Integrity Services:

- Internal / External Corrosion Assessments
- pH Measurements
- MIC Evaluations
- Dent Analysis
- Soil Resistivity
- NACE Coating Evaluation
- Material Analysis (PMI)
- Remaining Strength Calculations
- Weld Inspections
- 3rd Party / Utility Inspectors
- Auditing Services
- Customized Reporting
- Corrosion Mapping
- Creaform 3D Laser Scanning

Heat Treatment Services:

- Offsite Furnaces
- Preheating, Post Weld, Bake Outs
- Line Thaws, Refractory Dry Outs
- Coating Cures
- Vessel Firings and Portable Furnaces
- Mobile Combustion Units
- Fixed Based Furnaces

Maritime Services:

- Hull Diminution Surveys
- Hull Thickness Gaging
- Corrosion Mapping

Mechanical Asset Integrity Services:

- Conventional NDT
- API 580 & 581 Risk Based Inspection
- API 579 Fitness-for-Service Assessments
- API 510 Pressure Vessel Inspection
- API 570 Process Piping Inspection
- API 653 Above Ground Storage Tank
- STI SP001 Steel Tank Institute
- Code Compliant Inspection
- Corrosion-Under Insulation (CUI)
- Internal / External Corrosion Inspections
- Rope Access Inspections
- Data Management
- NACE Coating Inspection
- Certified Welding Inspectors (CWI)
- Hydro Test Documentation
- Video Probe / Borescope
- Infrared Thermography
- Cathodic Protection
- Tank Inspections
- Ground Penetrating Radar (GPR)
- Guided Wave
- Hardness Testing
