

PROVIDING TURNKEY PROJECT MANAGEMENT  
FROM LOGISTICS TO EXECUTION

## Our Professional Services

### Mission

The mission of Credo Services is to provide the highest standards of services, safety, integrity, accountability and trust with our customers and our employees.

### Vision

To aim and guide our customers and employees beliefs by our actions and our results.

- DGPS / Pipeline Survey
- Pipeline Tool Tracking
- Dig Locates
- Pipe Sales
- Decontamination Services
- Environmental Services
- NDE and NDT Integrity Inspection
- Abandoned Pipeline Recovery
- Pipeline Anomaly Evaluations
- Turn-Key Project Coordination
- OQ Personnel Support
- Temporary Pipeline Equipment
- Lifting Support for ILI Projects

## Safety & Training

Our services are performed for a wide range of clients in the oil & gas, petrochemical, and energy industries. Many operators and pipeline construction contractors who wish to manage their environmental risk and safety exposure choose us as a qualified environmental services firm.

- Our employees are trained and certified through ISNETWORLD, OQSG, HASC, Veriforce, and Safeland USA.
- In addition, our decontamination technicians are trained in NORM procedures. NORM licensed through the Texas Department of State Health Services. This includes Radiation Safety Officer training.
