“Providing solutions that preserve the life of your assets”

Industry Safety & Training

Safety is ONYX's priority. All field personnel are trained and evaluated using NCCER, Veriforce, OQSG, EWN, NCMS, and various other safety organizations. The organizations ONYX utilize are typically selected by the client. ONYX's safety record is maintained with the use of OQ qualified craft workers, holding daily tailgate meetings, worksite audits and daily equipment maintenance.
